

Warranty

Birk provides a 2 year warranty on screen fabric and all components.

This warranty will not apply in the case of defects or faults arising from neglect, misuse, alteration, fading, shrinkage or abuse by the customer or any other persons, from reasonable wear and tear, or from accidental damage. All accounts must be paid in full in order for any warranty to be valid.

Birk motors are compatible to any automation system. Please note that the following must be carried out in order for the motors to operate correctly.

Double interlocking relays and a safety system must be in place so that the up and down buttons can not be pressed at the same time. The motors must be programmed to stop before the direction can be changed. Warranty excludes labour, packaging and shipping charges.

Birk offers a 5 year warranty on motor installed in accordance with the above directions.
